

CERRADINHO EM FOCO

CerradinhoBio was elected the Plant of the Year in the Agricultural Area - MasterCana Brazil Award

CerradinhoBio once again won the MasterCana Brazil Award in the Plant of the Year - Agricultural Area category. Held since 1988, the event is the most traditional in the sector and brought together plants and companies that represent 2/3 of the Brazilian sugar-energy production. The Company was represented by the Chairman of the Shareholder Council, Luciano Sanches Fernandes, who received the trophy from the hands of ProCana Brasil president, Josias Messias.

The award comes to reinforce the moment that CerradinhoBio lives with good results of milling and production and the investment in the construction of the corn plant construction which is in the final phase of completion to be operational soon.
